

SUBSCRIPTION AGREEMENT
SOFTWARE LICENSE TERMS
BY NAV24 SP. Z O.O.

This subscription agreement and the license terms (hereinafter referred to as: "License Terms") apply to computer programs or their fragments (NAV24'S SOFTWARE) created or developed by NAV24 sp. z o.o. with its registered office in Bielsko-Biała (43-300), Towarowa 2/2200, registered in the Register Entrepreneurs of the National Court Register kept by the District Court in Bielsko-Biała, VIII Commercial Division of the National Court Register No. 0000481874, fiscal identification number (NIP): 5472148066, statistical number (REGON): 243394657 (hereinafter referred to as: "NAV24") and apply to the entity (hereinafter referred to as: "CLIENT"), who is authorized to use NAV24'S SOFTWARE on the terms set out below.

These License Terms are independent of, but at the same time constitute a supplement to the Microsoft Software License Terms governing the use of Microsoft Dynamics 365 Business Central software (hereinafter referred to as: "SOFTWARE") and the software license terms, including updates provided by Third Parties to SOFTWARE (hereinafter referred to as: "OFT SOFTWARE") and apply to software modifications created or developed by NAV24 sp. z o.o. (NAV24'S MODIFICATIONS) with documentation. These License Terms also apply to CLIENTS's affiliates as defined in the agreement between CLIENT and NAV24, if applicable.

I. SUBSCRIPTION TO NAV24'S SOFTWARE

1. Pursuant HERETO, CLIENT purchases a subscription to NAV24'S. A detailed list of NAV24'S SOFTWARE covered by the provisions hereof and these License Terms is included in the agreement or in the order (in particular as part of orders for NAV24 to provide development services under the concluded maintenance and development agreement), to which this subscription agreement and these License Terms constitute attachment.
2. Under this subscription agreement, NAV24 undertakes to provide CLIENT with a subscription to NAV24'S SOFTWARE for the period selected by CLIENT and under the conditions set out below. Purchasing a subscription is tantamount to granting CLIENT a License for NAV24'S SOFTWARE, and this License lasts as long as the subscription to NAV24'S SOFTWARE is valid, and thus License for NAV24'S SOFTWARE is closely related to the subscription (and vice versa).

3. Subscription for NAV24'S SOFTWARE is granted either for a period of 12 months (1 year) with a one-year billing period or for an indefinite period with a monthly billing period. This period is counted from the 1st calendar month following the month in which NAV24'S SOFTWARE was launched in CLIENT's infrastructure.
4. Subscription for NAV24'S SOFTWARE - depending on the indication in the contract or in the order to which this subscription agreement and these License Terms are attached - is granted:
 - a. for the benefit of the entire CLIENT'S enterprise (*per business model*), and thus the number of Licenses or End Users who will use NAV24'S SOFTWARE at CLIENT'S enterprise is irrelevant;
 - b. is granted in the amount corresponding to the number of SOFTWARE licenses (the number of full SOFTWARE users) -(*per user model*). NAV24 declares and CLIENT confirms the fact that the number of licenses for NAV24'S SOFTWARE must always match and correspond to the number of licenses (the number of full users of SOFTWARE) purchased by CLIENT for SOFTWARE and OFT SOFTWARE.
5. Under each of the two subscription models (indicated in section 4 above), NAV24'S SOFTWARE may be used by any number of users at CLIENT'S, by which means natural persons using NAV24'S SOFTWARE in CLIENT'S enterprise, hereinafter referred to as: "User" or "End User". User is the authorized personnel of CLIENT, i.e. persons employed by CLIENT under employment contracts or related to CLIENT under a permanent contract of mandate, whereby CLIENT bears full liability for User's compliance with the terms and conditions contained herein as for its own actions or omissions.
6. In the case referred to in section 4 point b above, in the event of a change in the number of licenses (the number of full users of SOFTWARE) for SOFTWARE and OFT SOFTWARE, the number of Licenses for NAV24'S SOFTWARE is also automatically changed, so that this number is always consistent with each other, in accordance with the requirement of section 4 point b above. In this case, the reduction of the number of Licenses does not affect the subscription fee already paid by CLIENT for the given settlement period, and CLIENT is not entitled to a claim for reimbursement. Increasing the number of Licenses will be carried out by NAV24 automatically. In such a case, CLIENT is obliged to pay a proportional subscription fee for the increased number of Licenses for the current billing period and to pay an increased subscription fee for subsequent billing periods.
7. For NAV24'S SOFTWARE subscription, CLIENT is obliged to pay the subscription fees on time, and this payment will be made on the basis of electronic invoices issued by NAV24, which CLIENT accepts, and the payment deadline will be 14 calendar days from the date of invoice delivery. This fee:

- a. In the case indicated in section 4 point a above is fixed (does not depend on the number of Licenses or Users), and the original fee is indicated in the contract or in the order to which this Subscription Agreement and the License Terms are attached;
 - b. In the case indicated in section 4 point b above is the product of the number of Licenses and the fee for one License. The original fee is indicated in the contract or in the order to which this Subscription Agreement and the License Terms are attached. In the event that the number of Licenses changes during NAV24'S SOFTWARE subscription, CLIENT is obliged to pay the appropriately changed fee, in accordance with the provisions of section 6 above.
8. CLIENT pays subscription fees for NAV24'S SOFTWARE in advance for the next billing period (1 year or month). The first subscription fee is paid by CLIENT in advance on the date specified in the contract or in the order to which this Subscription Agreement and the License Terms are attached, based on an invoice issued by NAV24 and delivered to CLIENT.
9. Depending on the option selected by CLIENT, the subscription settlement period is:
 - a. 1 calendar year - in the case of subscriptions purchased for a period of 1 year;
 - b. 1 calendar month - in the case of subscription for an indefinite period.
10. Subscription fees, regardless of the settlement model indicated in section 9 above (both in the case referred to in section 4 point a and point b above) are subject to annual indexation by the annual index of prices and consumer goods published by the President of the Central Statistical Office. In order to avoid any doubts, the subject of indexation will always be the amount of the subscription fee already indexed according to the inflation rate for previous years, and not the original rate of the subscription fee each time. The indexation of the subscription fee made by NAV24 does not constitute and does not require an amendment hereto, but only informing CLIENT about the new amount of the subscription fee. In order to notify the new amount of the subscription fee, it is enough to send CLIENT an invoice for the subscription fee for the next period with the adjusted rate. In addition, regardless of the above right to index, NAV24 has the right to make changes (including increasing) of the subscription fees, which will neither require nor constitute an amendment hereto or the agreement/order to which this subscription agreement and the License Terms are attached, and only informing CLIENT about the new subscription fee rate, which can also be done by sending an invoice for the next billing period (1 year or month) for the changed (including increased) rate.
11. If CLIENT has purchased a subscription to NAV24'S SOFTWARE for a 1 year period, this subscription is automatically extended for subsequent periods of 1 year
12. CLIENT has the right to resign from the automatic extension of NAV24'S SOFTWARE subscription for subsequent 1-year periods, provided that NAV24 is provided with relevant information in this

regard to the e-mail address: produkty@nav24.pl, no later than 1 calendar month before the end of the given period (annual billing period). The date of submission of this declaration is the date of delivery of this e-mail information to NAV24. In the absence of timely submission of this information, NAV24'S SOFTWARE subscription is automatically extended for another 1-year period, and CLIENT is obliged to pay the subscription fee in the appropriate amount.

13. CLIENT also has the right to resign (terminate) the subscription to NAV24'S SOFTWARE purchased for an indefinite period with a monthly billing period at any time. In such a case, CLIENT is obliged to send NAV24 relevant information in this regard (constituting termination of the subscription) to the e-mail address: produkty@nav24.pl. This termination is made with a 1-month notice period with effect at the end of the calendar month.
14. NAV24 is entitled to terminate the legal relationship of subscription to NAV24'S SOFTWARE with immediate effect, without the need to observe the notice period in the following cases:
 - a. CLIENT's default or delay in payment of any amounts due for subscription to NAV24'S SOFTWARE for a period of at least 14 calendar days;
 - b. gross violation by CLIENT of the provisions hereof, i.e. this Subscription Agreement and the License Terms.
15. Termination of the legal relationship of the subscription to NAV24'S SOFTWARE (regardless of the manner or form, in particular as a result of its termination or resignation by CLIENT from its automatic renewal) is tantamount to termination and forfeiting of NAV24'S SOFTWARE License, and thus CLIENT loses the right to use NAV24'S SOFTWARE and will be obliged to stop using NAV24'S SOFTWARE.

II. GRANTING OF LICENSE

1. Pursuant HERETO, provided that CLIENT purchases a subscription to NAV24'S SOFTWARE (i.e. pays the appropriate subscription fee), NAV24 grants CLIENT a paid, non-exclusive, territorially unlimited and non-transferable (subject to the express exceptions set out below) right to use NAV24'S SOFTWARE and its documentation (License), only for the purposes of CLIENT's business activity.
2. NAV24'S SOFTWARE and its documentation may be used only by End Users of CLIENT, and CLIENT bears full liability for End Users' compliance with the terms and conditions contained herein as for its own actions or omissions.
3. CLIENT'S License granted for NAV24'S SOFTWARE covers the following fields of use:
 - a. in the field of computer software - permanent or temporary reproduction (taking into account the remaining provisions of these License Terms and applicable copyright law) of NAV24'S

SOFTWARE in whole or in part by any means and in any form, including to the extent necessary for the introduction, display, use and storage NAV24'S SOFTWARE as part of the business activity conducted by CLIENT.

- b. in terms of documentation - recording and reproduction in whole or in part by any means and in any form, including digital technology, to the extent necessary to use the documentation for the purpose of using NAV24'S SOFTWARE as part of the business activity conducted by CLIENT.
4. License is limited to NAV24'S SOFTWARE version that has been paid for with the appropriate license fee. One license for NAV24'S SOFTWARE (unless NAV24'S SOFTWARE subscription is granted per business model) grants CLIENT the right to operate only one (1) server (database) of NAV24'S SOFTWARE at any time and with any number of Users connected to the server.
5. In the event that CLIENT, as part of the purchased subscription to NAV24'S SOFTWARE, acquires additional NAV24'S SOFTWARE or an additional part thereof (including subsequent versions or changes of NAV24'S SOFTWARE) or additional documentation, these License Terms automatically cover such changed NAV24'S SOFTWARE, its additional part, additional documentation and changes thereto unless covered by a separate license agreement.
6. In the event of termination of the legal relationship of the subscription to NAV24'S SOFTWARE, this License expires upon termination of the legal relationship of the subscription to NAV24'S SOFTWARE. In this respect, the provisions of point VII section 4 and 5 below apply.
7. In connection with the granting of the License for NAV24'S SOFTWARE, CLIENT declares to have sufficient number (in terms of the number of End Users or devices) of appropriate licenses for SOFTWARE or OFT SOFTWARE from Microsoft or OFT, which are necessary to use NAV24'S SOFTWARE.
8. NAV24 declares and CLIENT acknowledges that at the stage of installing or updating of NAV24'S SOFTWARE, CLIENT may need to purchase additional objects (tables, codeunits, reports, etc.) in the amount used in a given NAV24'S SOFTWARE. NAV24, in such a case, will inform CLIENT about this necessity together with the presentation of the price in this regard (this section 8 does not apply to the software as a service model).

III. COPYRIGHTS

1. NAV24'S SOFTWARE and its documentation are protected by the law on business secrets, copyright law and regulations on other intellectual property rights. NAV24 retains the copyright

and other intellectual property rights in and to NAV24'S SOFTWARE and its documentation and to all copies, extracts and translations. As part of the license fee paid, CLIENT is provided with a medium or file containing NAV24'S SOFTWARE and documentation. CLIENT is not authorized to make changes to NAV24'S SOFTWARE or to remove any markings or notices related to or contained in NAV24'S SOFTWARE (including backup copies) and documentation, regarding copyrights, trademarks and any other rights of NAV24 or third parties.

2. These License Terms and the License granted on their basis apply to NAV24'S SOFTWARE and its documentation, as well as modifications, improvements and other changes to NAV24'S SOFTWARE or NAV24'S SOFTWARE documentation made by NAV24, delivered to CLIENT during the license period after paying the appropriate license fee.
3. CLIENT confirms that the use of NAV24'S SOFTWARE described in these License Terms is not subject to the licensing rules set out in the Microsoft license agreements, including the Microsoft Software License Terms.

IV. UPGRADE. LIABILITY

1. In the case of having a purchased (paid for a given period) subscription to NAV24'S SOFTWARE, CLIENT may receive another version of NAV24'S SOFTWARE (Upgrade) to a newer version of SOFTWARE or OFT SOFTWARE, for which CLIENT will acquire a valid license. The possibility for CLIENT to receive the next version of NAV24'S SOFTWARE (Upgrade) depends on CLIENT having a purchased subscription, in accordance with the provisions of point I above.
2. CLIENT accepts that NAV24, and not Microsoft or OFT, bears (unless the provisions of these License Terms expressly state otherwise) liability for NAV24'S SOFTWARE and any effects thereof on the functionality of SOFTWARE, OFT SOFTWARE, related documentation, as well as on systems or CLIENT'S activity. NAV24's total liability for claims arising from these License Terms (including damages and other similar benefits, in particular for damages related to NAV24'S SOFTWARE), in no case exceeds the amount of remuneration paid by CLIENT for the license fee for NAV24'S SOFTWARE and documentation. NAV24's liability for damages resulting from NAV24'S SOFTWARE (including their interaction with SOFTWARE or OFT SOFTWARE) is limited to actual losses caused by NAV24's willful misconduct. In no case NAV24 is liable to for damage in the form of lost profits.
3. NAV24 declares that the development and maintenance of NAV24'S SOFTWARE, including the development of its subsequent versions (updates) are the exclusive right of NAV24, who may decide to cease further development and maintenance of the given NAV24'S SOFTWARE, in particular the development of its subsequent versions (updates). In such a case, CLIENT is not entitled to any claims against NAV24 in this respect.
